## SYNOPSIS (185 words)

*Boyhood Shadows* journeys with Glenn, past and present, revealing a story that began as a young boy under the power of a sexual predator. The narrative chronicles Glenn's struggle as he tries to make sense of his life, telling no one. Numbing his pain as a teen with alcohol and drugs, he held the secret and the shame. His brothers and sister, his mother and father – who recognized something was wrong with this once-golden-boy – were at a loss to understand the cause of his devastation.

Glenn, after suffering for decades, living on the streets, addicted to alcohol and drugs and sex – finally came up for air. He describes his past...funny, poignant and sad.

Glenn's story is interspersed with those of twenty other boys-turned-men. Their stories are all different...but unfortunately, all the same. *One in six boys is sexually molested by the age of 16.*

Glenn claims he is alive today because he finally spoke out about his abuse, "There is no shame in being a victim!" His strength is an inspiration. He has been there. Today he directs a sober living facility in Los Angeles.
